

PRODUCT INFO

Switch-Mode Adaptor

Type 4159 max. 5W

Compact Switch Mode Plug In Power Supply delivered with fixed output voltage and exchangeable DC-plugs

- universal input voltage
- fixed output voltages
- exchangeable DC-plug
- over temp. protection

Technical Info:

Input voltage: 100-240VAC 50/60Hz

Output: 5V 1.000 mA
 9V 600 mA
 12V 400 mA

other voltages on request

Switch frequency: 100 kHz
Temp. Range: 0 to +40°C
Ripple: 100 mV
Efficiency: min 55%
Insulation class: II
Approvals: GS / CE / CB
Electrical safety standards: EN60950, UL1950
EMC standard / Emission: EN55011
EMC standard / Immunity: EN50082 – 1
